## ***Testimonials / About the conference from the perspective of attendees***

*“The conference was excellent. Congrats to the organiser for assembling such a notable number of really good speakers and interesting topics (it was really hard to rate only 3 top speakers)! Consideration for the organisation of the next conference - maybe event should last one day (due to time constraints and quite limited budgets that people in this region typically have).”*

*“Great initiative, too bad not a lot of people recognised it but this was year one. Maybe invest more in promotion of the event (more participant - more discussion).”*
